UNIQUE INNOVATIONS

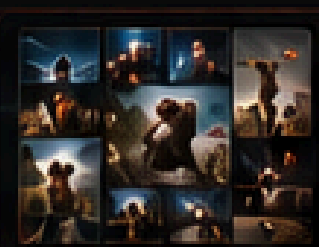

MULTIMODAL AI ENGINE
Combines vision, audio, and language models for a seamless storytelling experience.

HIGH PERFORMANCE ON AMD
Accelerated by AMD Radeon GPUs & ROCm for blazing fast inference and video generation.

PRIVACY FIRST
Local processing support ensures user data remains secure and confidential.

ONE IMAGE, MANY POSSIBILITIES
Generate stories, audio, styles, educational insights, and videos — all from a single image.

REAL-TIME INTERACTION
Instant previews and real-time customization for truly interactive user experience.

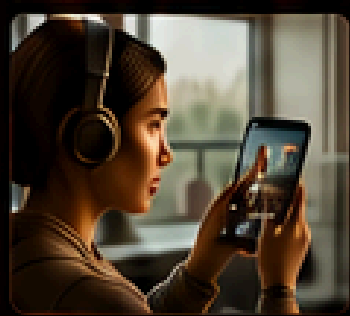

CROSS-PLATFORM ACCESS
Works seamlessly on Web, Mobile, and Desktop for creators and learners everywhere.

REAL WORLD APPLICATIONS

EDUCATION
AI turns any visual into immersive lessons, explanations, and interactive quizzes.

ACCESSIBILITY
Empowers visually impaired users with AI descriptions and voice guidance.

HERITAGE & TOURISM
Brings history to life with AI storytelling of landmarks, artifacts, and cultures.

DIGITAL WORLD
Create captivating AI videos, ads, and campaigns that engage global audiences.

CONTENT CREATION
From images to reels, podcasts & stories — AI boosts creativity across every platform.

PRACTICAL VALUE

- ✓ Save Time & Resources
- ✓ Increase Engagement
- ✓ Improve Accessibility
- ✓ Drive Better Learning
- ✓ Boost Creativity & Reach
- ✓ Make Every Visual Count

MARKET POTENTIAL

\$196.6B
Global AI Market Size (2024)

\$1.3T+
Multimodal AI Market by 2030

28.4%
Expected CAGR (2024-2030)

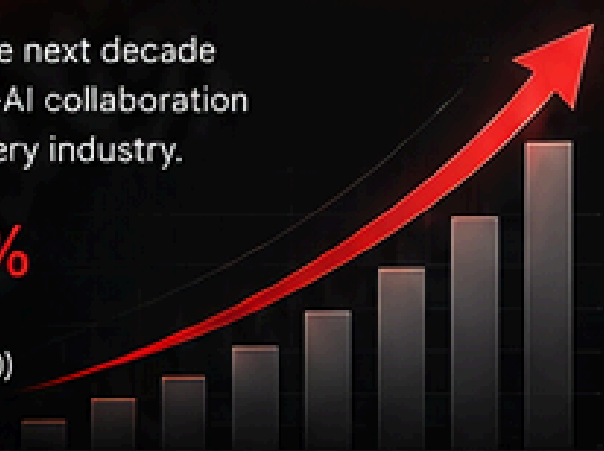

\$99.6B
AI in Media & Entertainment by 2030

FUTURE GROWTH IN MULTIMODAL AI

Fueling the next decade of human-AI collaboration across every industry.

28.4% CAGR (2024-2030)

FUTURE IMPACT

PictureAlive AI is building a world where every image has a voice, every story has emotion, and every idea has power to inspire.

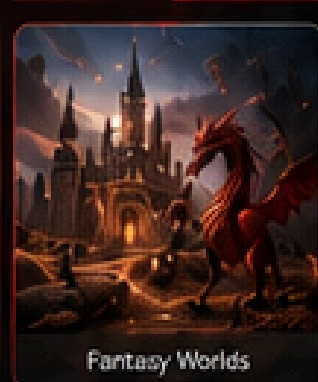

PERFECT FOR

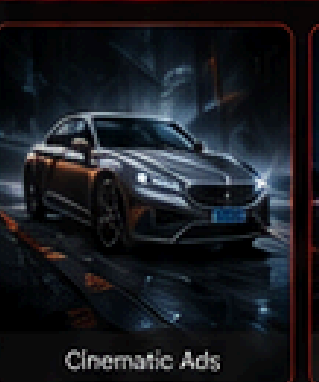

- ✓ Students & Educators
- ✓ Content Creators
- ✓ Marketers & Businesses
- ✓ Museums & Cultural Institutions
- ✓ Visually Impaired Communities
